

Kingsbury Club

Racquet Sports Policies

1. Check-In Requirement

All players, members and non-members, must have a Kingsbury Club account, must be registered or have their name listed on the court reservation, and must stop at the front desk to check in before participating in any activities. This ensures accurate tracking of participation and adherence to all membership policies.

2. Host Responsibilities

Members and non-members who make court reservations (hosts) are responsible for having all players on their court listed on the reservation.

3. Non-Member Rate Charges

In the event that players are not accounted for, the host will be charged at the non-member rate for any unregistered players. This includes any players who have not been properly checked in or listed on the court reservation.

4. Card on File Requirement

All players, whether members or non-members, are required to have a valid payment card on file prior to engaging in any activities. This is essential for processing payments and ensuring that reservations are secured. A player may choose to pay with a different form of payment other than the form saved on file.
