Swim Level Program & Descriptions

Starfish I This is an entry level class for children ages 3 and up with little or no water skills who can sit independently through a half hour swim lesson. This class is taught with a kickboard and noodle; no other flotation devices are used. The skills taught in this class include: proper kicking, arm movement, blowing bubbles and floating on the back. Class size is limited to 3 students.

Starfish II This class is for children who have previously participated in a swim class and are comfortable keeping their face in the water for the skills taught. Children should be able to swim independently (doggie paddle) without the use of ANY flotation device. Skills to be taught include: Front and back streamline position as well as reinforced safety techniques. Class size is limited to 3 students.

Rays For those who swim comfortably and independently but lack proper stroke. Focused on teaching the front and back crawl fundamentals, arm position, rhythmic breathing & treading water and elementary backstroke.

Stingrays: Objective is to improve the front & back crawl. Rhythmic breathing is improved on. Elementary backstroke and breaststroke will be taught/improved on. Students are required to swim the length of our pool for distance, repeatedly with breaks.

Coached Swim Clinic (CSC) This 45 minute class is designed for participants who can swim the 4 competitive strokes; freestyle, backstroke, breaststroke and butterfly comfortably (not perfectly.) Emphasis will be on building strength and endurance through distance training. Racing starts, turns, and diving will be taught.

Private Lessons

Private swim lessons are designed to meet your child's individual needs and goals. This one-on-one experience will benefit those students who require additional instruction and support. This type of instruction is also beneficial to the more advanced student who wants to fine tune their swimming skills.
